

OFFICIAL NOTICE

Section 2-965, Reissue Revised Statutes of Nebraska, provides a control authority may direct and carry out projects of control for one or more specific noxious weeds without individual notice as prescribed in Section 2-265 if the control authority has caused publication of notices of such project. The Hamilton County Weed Control Authority as a part of the Platte Valley Weed Management Area will be doing control work on selected sites of Purple Loosestrife, Saltcedar, and Phragmites along the Platte River. Control work will be performed from June 2020 through June 2021.

This service will be provided at no cost to the landowners within the targeted areas. Landowners not interested in this project are encouraged to call the Hamilton County Weed Control Authority. Those not participating in the project should have a weed management plan for control of noxious weeds that has been approved by the Hamilton County Weed Control Authority prior to the start time of this special project.

By Order of Hamilton County Weed Control Authority
Jeremy Brandt, Superintendent
